

Autumn 1 Reception History (UTW) - My Family

Key Knowledge:

What is a family?

A family is a group of people connected by love, care, and support.

While traditionally defined by biology, adoption, or marriage, a family is ultimately shaped by the bonds and commitment shared between its members.

Historical enquiry:

Who is in my family? How has it changed?

Families can grow or change over time through new siblings, marriage, moving houses, or loss.

What makes a family?

Families are made of people who love, care for, and support one another, regardless of how they are structured.

Are all families the same?

Families come in many shapes and sizes. Some children live with two parents, single parents, grandparents, foster parents, step-parents, or same-sex parents.

Vocabulary:

Parent

Sibling

Relative

Mother (mum) Father (dad)

Step Mother Step Father

Grandparents

Daughter Son

Brother Sister

Cousin

Aunt Uncle

Niece Nephew
