Swallows - Term 2

'Let There Be Light'

Science
Light

We will be learning about light, reflections and shadows. We will learn about different sources of lights, and how we need light to see. We will have lots of hands on opportunities to explore these concepts.

RE

We will be exploring the question 'How and Why has Christian practice changed over time?'

We will learn about the early Christian Church and how this developed into modern Christianity.

Maths

We will continue our learning linked to addition and subtraction, including written methods and problem solving. We will then move onto Multiplication and Division.

English

Writing - We will be using the picture book 'Hello Lighthouse' as a stimulus to revisit various grammatical features for each year group. We will also be writing informal letters.

Reading - We will be exploring the non-fiction book 'GLOW' to learn about the features of non-fiction texts and how to retrieve, summarise and record information.

PE

Tuesday: Circuit Training (indoor)

Friday: Invasion Games (outdoor)

Geography

We will be looking at a variety of different maps focusing on Oxfordshire, covering locational knowledge, human and physical geography, topography geography, fieldworks skills and how the land use has changed over time.

Jigsaw
'Celebrating differences'

Both year groups will explore different types of families and why they are important, learning how to manage disagreements calmly and solve problems together.

French

We will learn the 4 seasons of the year along with 2 phrases for each season in the foreign language.

Music

We will enjoy singing together this term, including preparing songs for our Christmas Carol Concert.

DT

We will be looking at adapting a biscuit recipe, thinking about the packaging and who the target audience is, designing a biscuit and baking biscuits.
